Dear Mr Majumder,

Congratulations! I am pleased to advise that you have been awarded a University Postgraduate Award (UPA) and an International Postgraduate Tuition Award (IPTA) tenable at the University of Wollongong.

Please find attached:

- Scholarship Offer Letter.
- Conditions of Award for UPA.
- Conditions of Award for IPTA.
- Living Allowance Claim Form.

The scholarship offer letter will outline the steps that you need to take in order to accept this offer.

The Department of Immigration and Border Protection (DIBP) requests that all research students undertaking a Masters by Research, PhD or short term research placement in Australia provide the following documents with their student visa application. Providing these documents with your application reduces the need for DIBP to request them from you, and will reduce processing delays for many applicants:

- Detailed CV, research proposal details, academic transcripts, and details of publications.
- Completed form 1221.

If you have not received an offer of admission from Future Students as yet, you will do so in the near future.

Please do not hesitate to contact me if you have any further questions.

Kind regards,

Michelle

Michelle Kendall

Student Management Officer
